

There have been reports of increased burglaries nationwide and Northgate Heights was not spared. We would like to urge our clients to remain vigilant.

The water supply situation has not improved for the past six months. We continue to make frantic efforts to improve the situation. The relevant stakeholders have been approached and the loop connection has been given the green light by the City of Gweru.

The process of getting title deeds is ongoing and we advise you to pay the transfer fees at our Conveyancers, Danziger and Partners.

True Destinations Investments would like to inform you that Eng. Killian Ukama retired at the end of July 2020. We will miss him for his leadership skills. He nurtured the organization from its infancy to where it is at the moment. Mr Shame Chinete took over and looks forward to your continued support.
